Solve Programming Dilemma IMMO Data Tool (File Make Key)

For some cars, key programming and other settings can't be finished via OBD II .

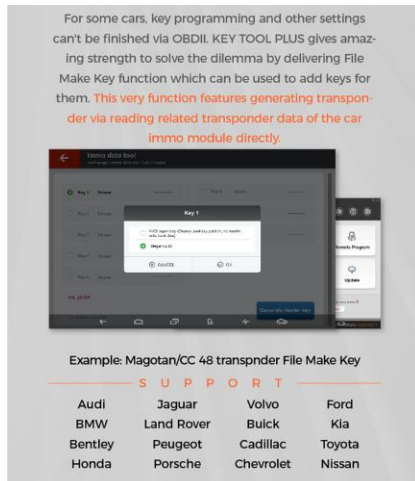

KEY TOOL PLUS gives amazing strength to solve the dilemma by delivering File Make Key function which can be used to add keys for them.

This very function features generating transponder via reading related transponder data of the car immo module directly.

Example: Magotan/CC 48 transpnder File Make Key
SUPPORT

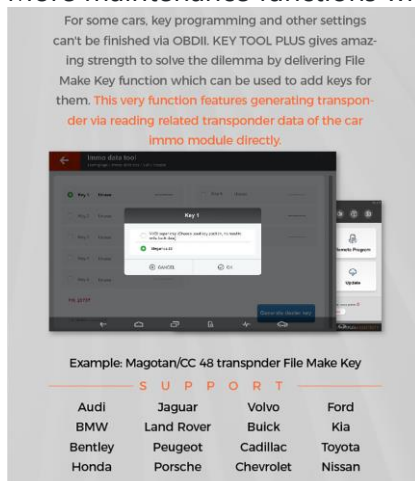

Audi, Jaguar, Volvo, Ford, BMW, Land Rover, Buick, Kia, Bentley, Peugeot, Cadillac,
Toyota, Honda, Porsche, Chevrolet, Nissan, etc.

Maintenance Function

Meet Your Work Demands in Every Way. KEY TOOL PLUS supports maintenance light reset, electric parking brake, TPMS, battery matching, throttle program, injector programming, steering angle programming, bitting decode, gearbox programming, headlight programming, etc.

More maintenance functions will be released soon.

Key Tool Plus Prog Function

1.Key Tool Plus supports reading and writing common modules and chips.

It covers "EEPROM and FLASH", "IMMO", "Instrument", "Airbag", "Read ECU with CAN" and "ECU", etc.

2.Support EEPROM reading and writing: support reading & writing most types of transponders in the market.

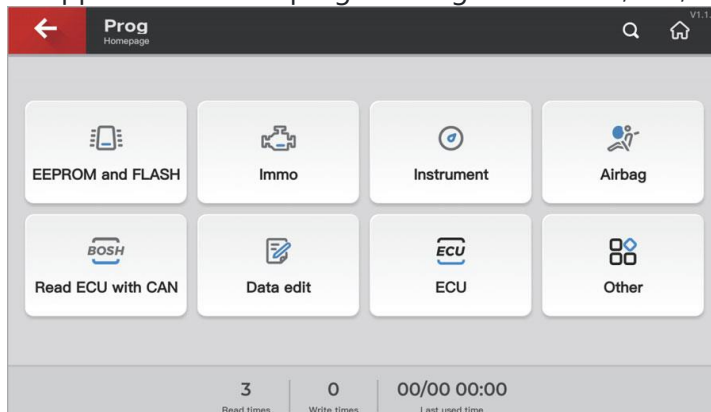

3.Support BMW immo module programming covering CAS3, CAS3+, CAS4, CAS4+, BDC, FRM, and FEM.

4.Support Land Rover RFA module reading and immo programming.

5.Support Porsche BCM programming.

6.Support read ECU with CAN on AUDI, BMW, and VOLKSWAGEN.

7.Support Instrument programming on HONDA, KIA, and HYUNDAI.

Note: To complete certain functions, users need to connect KEY TOOL PLUS to the specific adapters and get the required model prompt on the interface.

The function is only effective on the advanced edition.)

IMMO Data Tool(File Make Key)

Key programming and certain settings can't be finished via OBD port on some car models due to their immobilizer protection system.

Through a professional programming method - FILE MAKE KEY, the problem can be easily

MORE DETAILS PLEASE CONTACT US

sales@techno-india.net

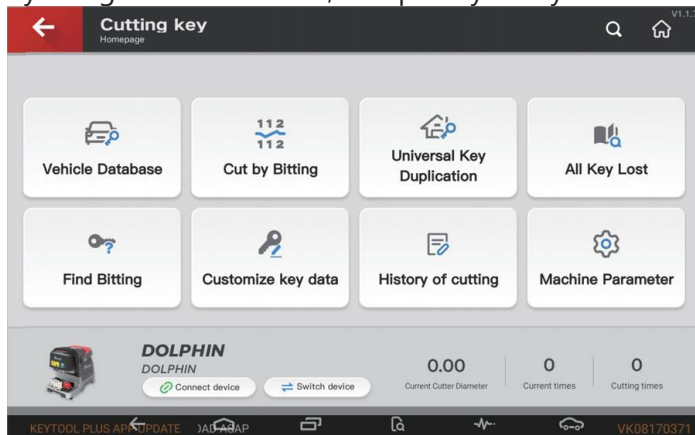

7224921656,9340145596

solved.

File make key, to generate a car key via a data file. Users need to use the specific device to read the immo data, and generate a boot transponder to directly start the car, no need to match the original car. (Users may need to rewrite the data to the immo box when doing the programming process on some car models.)

Control Xhorse Key Cutting Machines

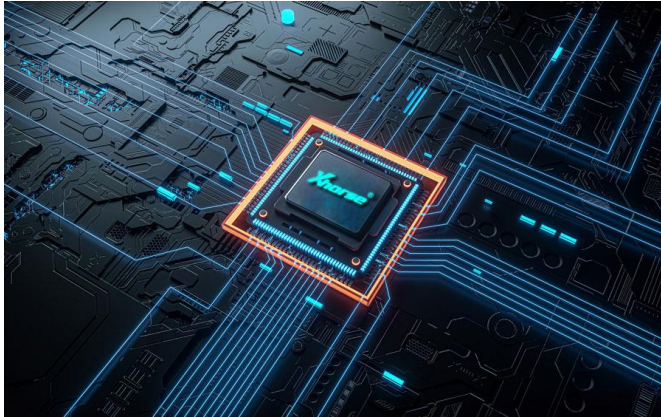

Key Tool Plus is available to control the Xhorse key cutting machines(CONDOR, DOLPHIN, and PANDA), to perfectly work as an operation screen. By using KEY TOOL PLUS, completely free your mobile phones.

KEYTOOL PLUS PAREMETERS:

Serve Your Work the Best

CPU: 8-core 2GHz (4xCortex-A53 up to 2.3Ghz,4xCortex-A53 up to 1.8Ghz)
RAM+ROM: 4G+ 128G
Operation System: Android 9.0
Screen Size: 10.1" HD Anti-glare; Anti-fingerprint,Resolution up to FHD+ (2,400*1,080)
Rear HD Camera: 13.0MP
Battery Capacity: 10000mAh
Charging: 30W Super Fast Charge
Bluetooth: 5.0 Bluetooth
WIFI: 2.4G/5G

Support

- ✓ CAN and K protocol switch pin
- ✓ Chip pin detection
- ✓ Toyota smart key programming without simulator
- ✓ Long distance IMMO collection

Built-in

- ✓ OBD matrix switch
- ✓ Radiofrequency simulator
- ✓ Smart key simulator
- ✓ Integrated key identification coil
- ✓ BENZ infrared reading head

SUPPORT	BUILT-IN
✓ CAN and K protocol switch pin ✓ Chip pin detection ✓ Toyota smart key programming without simulator ✓ Long distance IMMO collection	✓ OBD matrix switch ✓ Radiofrequency simulator ✓ Smart key simulator ✓ Integrated key identification coil ✓ BENZ infrared reading head

Xhorse Key Tool Plus Overview:

Light sensor: detect the brightness in the surrounding environment

Detection coil (including 125K low, 13.56M Medium, 300-900M high frequency)

- Support reading, writing, and cloning common immo transponders
- Support reading common ID transponders
- Support reading common IC transponders
- Support frequency detection of common vehicle remotes

Immo transponder placement hole for vehicle immo transponders

USB charging port: support standard fast charge adapter and standard Type-C port DC-5V input.

PS2 port for remote programming

DB15 port: support standard & optional programming adapters with DB15 port

DB25 port for OBD matching

Benz Infrared (IR) port: support IR read Benz FBS3 & FBS4 smart key and support Benz IR reader

Package List:

- 1pc x Pad Main Unit
- 1pc x User Manual
- 1pc x Power Adapter
- 1pc x USB Cable 3.0 Type C
- 1pc x OBD DB25 Cable
